PREPARED FOR

White Oak Music Group

1. Shopify Store Migration

\$100.00

Move the store off the account you do not control and rebuild it in a new Shopify store owned entirely by White Oak Music Group.

- Export products, collections, customers, orders, pages, and blog content from the existing store
- Download the current theme files
- Create and configure the new Shopify store under your own account
- Import all exported data and install the theme on the new store
- Check product counts, variants, images, and page content against the original

2. New Website Build and Launch

\$750.00

Design and build a new White Oak Music Group website and take it live on hosting that you own and control.

- New site designed and built from scratch
- Home, Artists, Touring, Management, and Requests sections
- Artist roster section covering 18 artists
- Responsive layout for desktop, tablet, and mobile
- Deploy to a new hosting account set up in White Oak Music Group's name
- Update DNS so the existing domain points to the new site
- Hand over full login access to the hosting account and the site

TOTAL

\$850.00

- Access to the domain registrar is needed so DNS can be pointed at the new site.
- Hosting and domain renewal fees are billed to White Oak Music Group directly and are not included in this quote.
- The Shopify export needs either staff access to the existing store or export files provided by whoever controls it. If neither can be arranged, Shopify support can supply a store data export to the account owner.
- Payment terms are 50% to begin and 50% on completion.
